**Construction Details:**

I, the undersigned, hereby make application for a permit to do only the work described for the premises and location shown herein. I hereby certify that the information contained herein is true and accurate. I hereby certify that I am the owner of the property, or a duly authorized representative, and may sign this permit application on behalf of the owner(s) of said property. I have read and understand all of the conditions of this permit listed below and will construct the above mentioned project in compliance with all such conditions. I understand that failure to comply with any or all of the provisions of the permit renders the permit null and void and may result in a fine and/or imprisonment. I, the undersigned, also agree that all work shall be done in accordance with all the requirements of the Oconto County Zoning Ordinance and all applicable laws and regulations of the State of Wisconsin.

1. The permit shall lapse and become void if operations described in the permit are not commenced within twelve (12) months of issuance of the permit, except the Zoning Administrator may grant an extension for a period not to exceed six months upon showing of a valid cause. Two years shall be the maximum completion time for a dwelling.
2. A copy of the land use permit must be posted at the project site until the project is completed.
3. You must allow Oconto County Zoning staff access to the project site at all times until the project is completed.
4. If necessary, Oconto County Zoning may amend this permit by changing or adding conditions to ensure that the project is in compliance with all applicable legal requirements.
5. Proper erosion controls must be used before, during and after construction in order to prevent all erosion.
6. Structures with plumbing shall have appropriate approvals and permits prior to construction.
7. **Contact the Town Clerk for possible Town building permits prior to construction.**

## Land Use Permit Requirements

Oconto County land use permits are required prior to any construction of buildings or structures, disturbance of soils or changes in use of property.

1. A land use permit shall be obtained before:
  1. A structure is built, erected, moved, enlarged or altered.
  2. A structure is structurally altered so as to change its use or increase the square footage of its floor or vertical surface area.
  3. The use of the structure or property is changed. (i.e. home based business or residence converted to commercial use)
  4. Any grading or filling of the parcel not specifically exempt by ordinance.
2. No land use permit will be issued for any structure intended for human occupancy until a sanitary permit has been approved. A sanitary permit is required prior to replacing, repairing or altering any portion of a septic system.
3. All structures not specifically exempted by the Zoning Ordinance shall not exceed the height limit of 35 feet.
4. Land use permits for development within the shoreland jurisdiction (within 300 ft. of navigable stream or 1000 ft. of a lake) shall conform to the regulations of the Oconto County Shoreland Ordinance.
5. Permit applications shall include a site plan that clearly and precisely depicts the proposed construction. Site plans shall include:
  1. Scaled drawings or plat of survey, locating all lot lines, right of ways, existing and proposed structures, waterways, septic and well locations.
  2. Building floor plans for homes, garages, commercial or industrial structures
  3. Any required state building plans and conditional approvals
  4. Any ground disturbance shall include dimensions, final grading slopes and direction so as not to impact adjacent properties, erosion control standards, etc.
6. Prior to any development within a mapped floodplain area, permits are required to assure compliance with the floodplain standards of the Oconto County Floodplain Ordinance. For additional floodplain permit information, please refer to [Oconto County Floodplain Development Permit Packet](#).
7. Permits are valid for one year from date of issuance, except that the Zoning Administrator may grant an extension for a period not to exceed six months upon showing of a valid cause.
8. All fees for permits are non-refundable. Permits will not be processed until applicable fees are received.
9. Contact your township building inspector to confirm if a Uniform Dwelling Code (UDC) permit "Building Permit" is required for your project. It is the landowner's responsibility to obtain all required permits.

## Wetland Notice to Permit Applicants

In accordance with Wisconsin State Statute 59.691, you are responsible for complying with State and Federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the Dept. of Natural Resources Wetland Identification Web Page located at <http://dnr.wi.gov/wetlands/locating.html> or contact a Dept. of Natural Resources Service Center.

## Projects Disturbing One or More Acres of Soil

I understand that this project is subject to NR 151 regarding additional erosion control and storm water management and will comply with those standards. For more information, visit the Dept. of Natural Resources website or contact a Dept. of Natural Resources Service Center.

## Lot Layout Diagram Reminders

1. Accuracy is the responsibility of the owner(s) when determining the location(s) and distance(s) associated with land use permits and lot diagrams. If uncertain of measurements and/or locations, consider contacting a registered land surveyor.
2. Setback requirements associated with the land use permit is the responsibility of the owner(s). Failure to meet the setback requirements may result in enforcement actions to bring the structure in compliance.
3. All distances are measured to the nearest point. (Note: If no attached deck etc. the distance is measured to the eave.)
4. Contact the Oconto County Planning and Zoning Office with any questions regarding lot diagrams and required measurements at 920.834.6827.
